**Legal** On the agenda

**Treasurer** Michael Fecco reported that he still expects to have a slight surplus for this year unless expenses for the last week are over the top. The tax bills will be sent out Friday, May 31<sup>st</sup> by the County.

**Police** Chief Cox reported that we had 793 calls for the month of April, 2013.

**Electric** Joe Hawksby, Electric Supervisor, reported the electric department has two new vehicles. The spare breakers at the Industrial substation has a few broken parts and was sent away to ABB for an upgrade before it can be used. They are also installing a new 30 gang operated switch to replace three old manual switches at an underground take for a 13.8KV feeder on Mathews Ave. There has been several outages due to animals on the “H” frame structure and damage to two switches since October 2011. This new switch will eliminate the need for a bucket to open and close and should take care of the animal problem. The boiler plant feed is energized but there are some issues with primary metering. There are also three on-going projects for Parsons that they are paying for. The solar panels are almost complete at Pass and Seymour. Steve Susco is retiring from the Electric Department

**DPW/Highway** Mark Cazzolli, Highway Supervisor reported the asphalt contracts have been awarded and the streets the highway will be looking at are the east lane of N Orchard Rd, Brooks St, Rosita Street, Chemung St, Boyd Ave North and Huntshill Rd. The parks in the village look good and the ball fields are in good shape for the summer. The pool is ready to be painted and the repairs to the holes are done. The Village roof and community development on the shelter are ongoing.
